

Name: _____ Date: _____

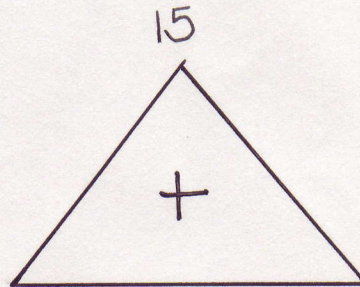

Use the number at the top of the triangle to find at least 6 math questions

1) Find only addition questions

$$\underline{1} + \underline{\quad} = \underline{15}$$

$$\underline{2} + \underline{\quad} = \underline{15}$$

$$\underline{3} + \underline{\quad} = \underline{15}$$

$$\underline{4} + \underline{\quad} = \underline{15}$$

$$\underline{5} + \underline{\quad} = \underline{15}$$

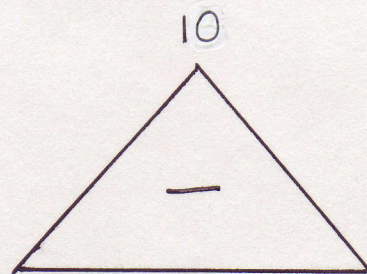

$$\underline{6} + \underline{\quad} = \underline{15}$$

1) Find only subtraction questions

$$\underline{12} - \underline{\quad} = \underline{10}$$

$$\underline{15} - \underline{\quad} = \underline{10}$$

$$\underline{\quad} - \underline{0} = \underline{10}$$

$$\underline{10} - \underline{\quad} = \underline{5}$$

$$\underline{10} - \underline{\quad} = \underline{8}$$

$$\underline{20} - \underline{\quad} = \underline{10}$$
